General and Classified Index

COMBUSTION, Volume Twenty-Three, July 1951 Through June 1952

	PAGE		PAGE
EDITORIALS			
Boiler or Steam Generating Unit?	June 1952 39	Canadian Oil for Pacific Coast States, <i>ASME Spring Meeting</i> . By D. L. Roberts.	Apr. 1952 67
Century of Engineering, A.	May 1952 41	Caribou Steam Power Plant of The Maine Public Service Co. By Edward H. Barry.	Nov. 1951 32
Chemical Cleaning of Boilers	Nov. 1951 31	Cause and Control of Iron Oxide Deposits in High-Pressure Boilers. <i>Twelfth Annual Water Conference</i> . By R. C. Ulmer and J. H. Whitney.	Nov. 1951 52
Coal by Pipe Line	Sept. 1951 37	Cause and Control of Iron Oxide Deposits in High-Pressure Boilers, <i>American Power Conference</i> . By R. C. Ulmer, J. H. Whitney and J. W. Wood.	Apr. 1952 41
Conference on Underground Coal Gasification	Jan. 1952 33	Centralized Control and Small Gages, A Symposium, <i>ASME Semi-Annual Meeting</i> . By P. S. Dickey, C. H. Smoot, T. W. Jenkins, Jr., M. D. Engle, H. F. Hatfield and T. T. Frankenberg.	July 1951 38
Degrees and Honors	Sept. 1951 37	Centrifugal Pumps for Feeding High-Pressure Boilers. By F. B. Applegate.	June 1952 40
Engineering Center, An	Nov. 1951 31	Centrifugal Pumps in Steam Power Stations. By R. Pennington.	May 1952 59
Financial Support for Higher Education	July 1951 31	Chemical Cleaning Applied to Controlled Circulation Boilers. By W. D. Bissell and M. M. Sorenson.	Mar. 1952 40
From One to Many	Feb. 1952 35	Chemical Cleaning of Boilers, <i>Twelfth Annual Water Conference</i> . Panel Discussion: S. F. Whirl, E. A. Pirsh, I. B. Dick, A. M. Guy, W. R. Elliott, E. B. Morris, P. H. Cardwell, H. J. Thielke, J. A. Tash, R. F. Andres and G. C. Walker.	Nov. 1951 50
Fuel Engineering	Nov. 1951 31	Chemicals, Pipeline Gas and Liquid Fuels from Coal. By W. C. Schroeder.	June 1952 54
Graphitization of Welded Joints	Jan. 1952 33	Chemical Treatment of an Evaporator at West Springfield Station, The, <i>American Power Conference</i> . By J. R. Haskins, Jr.	Apr. 1952 41
Instruments and Controls	Dec. 1951 33	Chemists Discuss Air Pollution.	Mar. 1952 59
Iranian Oil	Sept. 1951 37	Coal and Ore Transfer From Rail Car to Lake Vessel, <i>ASME Fall Meeting</i> . By E. E. Bauer.	Oct. 1951 49
Is This the Next Step?	Dec. 1951 33	Coal-Burning Gas Turbine, <i>ASME Semi-Annual Meeting</i> . By Donald L. Mordell.	July 1951 41
Lesson in Engineering Thermodynamics, A.	June 1951 39	Coal-Handling Conveyors at Power House and Dock, <i>ASME Fall Meeting</i> . By Frank W. Lovett.	Oct. 1951 49
Low Scrap Supply Threatens Defense Program	July 1951 31	Combination Flow Suggested for Regenerative Air Preheaters. By Istvan Juhasz.	Sept. 1951 53
Mechanics of Contaminant Combination	Mar. 1952 35	Comparative Efficiencies of Central Station Reheat and Non-Reheat Steam Turbine-Generator Units, <i>ASME Annual Meeting</i> . By C. W. Elston and P. H. Knowlton.	Dec. 1951 57
Metallic Sodium Finds New Uses	Jan. 1952 33	Compression Distillation, <i>Twelfth Annual Water Conference</i> . By O. M. Elliott.	Nov. 1951 49
Modern Institutional Power Plant, A.	Feb. 1952 35	Concentrating Films: Their Role in Boiler Scale and Corrosion Problems. By H. M. Rivers.	Apr. 1952 57
New Thermodynamic Energy Concept, A.	Apr. 1952 35	Contra Costa Steam Plant of the Pacific Gas & Electric Company.	Dec. 1951 34
Power Under the Marshall Plan	Mar. 1952 35	Controlled Circulation Boilers in the Utility Field.	Nov. 1951 39
Regimented Scientific Thinking	Feb. 1952 35	Correlation of Silica Carryover and Solubility Studies, <i>ASME Annual Meeting</i> . By C. Jacklin and S. R. Browar.	Dec. 1951 61
Reheat Comes of Age	Dec. 1951 33	Current Research on Lignite, <i>ASME Fall Meeting</i> . By Alex C. Curr.	Oct. 1951 49
Smoke in New York	Aug. 1951 33	Danskammer Point Steam Station Nears Completion. Sept. 1951 38	
Steam-Turbine Locomotives	Oct. 1951 39	Demand Performance—Fluid Drive in the Modern Power Plant, <i>American Power Conference</i> . By Ben G. Ragland.	Apr. 1952 42
Superimposed Load, A.	Mar. 1952 35	Demineralization Plant Operating Experience, <i>American Power Conference</i> . By M. E. Brines.	Apr. 1952 40
Television for Boiler Operation	July 1951 31	Design for Reduced Maintenance, <i>ASME Spring Meeting</i> . By B. C. Mallory and F. W. Argue.	Apr. 1952 67
Utilities and Atomic Energy, The	Aug. 1951 33	Design of Instrumentation and Control in the Modern Power Plant, <i>Boiler Instrumentation Symposium</i> . By T. Y. Mullen.	Dec. 1951 69
What About The "How" in "Know-How"?	May 1952 41	Developments in Marine Boiler Design. By S. F. Mumford.	July 1951 50
What's New in Steam Temperature?	Mar. 1952 35	Developments in Use of Television in Power Stations. By L. M. Exley.	July 1951 43
Whither Are We Headed?	Apr. 1952 35	Economic Facts Need Be Told, <i>American Power Conference</i> . By Edwin Vennard.	Apr. 1952 36
Will Increasing Power Demands Mean Shortages?	Oct. 1951 39	Effect of Sudden Load Changes on Centrifugal Boiler Feed Pumps, <i>American Power Conference</i> . By Igor J. Karassik, George H. Bosworth and B. J. Schmid.	Apr. 1952 42
		Electric Output and Fuel Consumption Gaining.	Oct. 1951 61
		Electric Power for New York's Transportation System.	Feb. 1952 42
		Electric Power Survey.	July 1951 47
		Emma Power Station at the Dutch State Mines. By Dr. Ir. F. W. van Berckel.	Aug. 1951 34
		Estimating Low Amounts of Silica in Water in the Field, Using a Slide Comparator. By George J. Crits.	Mar. 1952 56
		Etiwanda—A Study in Overall Steam Station Economy. By W. L. Chadwick and E. H. Krieg.	Apr. 1952 43
		Evaluation of the Effect of Terminal Difference and Pressure Drop on Steam Power Plant Heat Rate, <i>ASME Fall Meeting</i> . By W. F. Allen, Jr.	Oct. 1951 50
ARTICLES			
Adaptation of the Spectrophotometric Determination of Small Amounts of Soluble Silica in Water to the Determination of Undissolved Forms of Silica, <i>ASME Annual Meeting</i> . By H. E. Robison and E. Grim.	Dec. 1951 63		
Advisory Committee Report on Atomic Power.	Aug. 1951 60		
After-Deposits Resulting From Chemical Cleaning Process. By P. H. Cardwell.	Dec. 1951 67		
Air Metering for Combustion Control. By I. G. McChesney.	Aug. 1951 44		
AIIE Winter General Meeting.	Feb. 1952 57		
ASME Annual Meeting at Atlantic City—Central Station Reheat Experience; Reheat Boiler Progress; Reheat Turbine Progress; Furnace Performance Factors; Cyclone Furnaces; Panel on Light-Load Operation of Spreader Stokers; Gravity Retention of Fly Ash; Steam Contamination; Correlation of Silica Carryover and Solubility Studies; Silica Determination; Behavior of Superheater Materials at 1350 F; Steam at 2000 Psi, 1250 F; Steam Turbine Performance; Expansion of American Gas and Electric System; Gas Turbines for Gas Pipeline Pumping; New 5000-Hp Gas Turbine; Petroleum Supplies; Training of Engineering Graduates; Industry and the Atom.	Dec. 1951 51		
ASME Semi-Annual Meeting Held in Toronto, Canada—Ultrasonic Field Inspection; Spreader Stoker Tests; Symposium on Centralized Control and Small Gages; Model Tests of Piping; Marine Engineering; Turbine Supervisory Instruments; Coal-Burning Gas Turbine.	July 1951 37		
ASME Spring Meeting Program.	Mar. 1952 62		
Amer Power Station at Geertruidenberg, The Netherlands. By Ir. F. A. W. H. van Melick.	May 1952 42		
Applications of Natural Steam in Italy.	May 1952 53		
Attainment of Full Power Program Doubt by Advisory Committee.	Feb. 1952 41		
Basic Elements of Design and Operation of Steam Generating Units for the Utilization of North Dakota Lignite, <i>ASME Fall Meeting</i> . By Leopold Pistner.	Oct. 1951 47		
Behavior of Superheater Materials at 1350 F, <i>ASME Annual Meeting</i> . By H.-A. Blank, A. M. Hall and J. H. Jackson.	Dec. 1951 63		
Boiler Operation With Lignite. By J. W. Hoffman and John M. Drabelle.	Oct. 1951 57		
Boiler Tube Corrosion in British Power Stations, <i>American Power Conference</i> . By E. W. F. Gillham and R. L. Rees.	Apr. 1952 39		
Burning Coals From the Northern Great Plains Province. By John H. Cruise and Otto de Lorenzi.	Nov. 1951 43		
Burning Furfural Residue on Spreader Stokers.	May 1952 55		

	PAGE
Examination and Rehabilitation of Graphitized Welded Joints. By I. A. Rohrig and R. M. Van Duzer.	Jan. 1952 36
Expansion of American Gas and Electric System, <i>ASME Annual Meeting</i> . By Philip Sporn, H. A. Kammer and S. N. Fiala.	Dec. 1951 58
Factors in Evaporator Vapor Purity Testing, <i>Twelfth Annual Water Conference</i> . By J. T. O'Rourke.	Nov. 1951 49
Feedwater Treatment for Packaged Steam Generators, <i>Twelfth Annual Water Conference</i> . By J. F. Wilkes and E. M. Welch.	Nov. 1951 50
Feedwater Treatment in Illinois State Institutions, <i>American Power Conference</i> . By Russell W. Lane.	Apr. 1952 42
First American Power Conference— <i>Economic Facts Need Be Told; Vision in Power; The Joppa Station for Atomic Energy Power; Oak Creek Station; Turbine Controls; Thermal Design and Efficiency of Steam Turbines; Large Utility Boilers; Boiler Tube Corrosion; Steam Condensers; Interconnection of Utility and Industrial Plants; Water Technology; Fluid Drives; Load Changes on Boiler Feed Pumps</i> .	Apr. 1952 36
First Annual Meeting of the American Power Conference (Program).	Feb. 1952 55
First Marshall Plan Power Project Placed in Service.	Mar. 1952 36
First Year's Operation of the Dunkirk Steam Station, <i>The ASME Annual Meeting</i> . By J. N. Ewart.	Dec. 1951 53
Fourteenth Annual Fuels Conference.	Nov. 1951 53
Fuel Problem in Italy, <i>The</i> . By Giovanni Coppa Zuccari.	Apr. 1952 53
Gas Turbine Development, <i>ASME Spring Meeting</i> . By F. T. Hague.	Apr. 1952 68
Gas Turbines for Gas Pipeline Pumping, <i>ASME Annual Meeting</i> . By T. J. Putz.	Dec. 1951 64
Geared-Turbine Repowering for Great Lakes Vessels, <i>ASME Semi-Annual Meeting</i> . By B. E. Ericson and F. H. Van Nest.	July 1951 40
Gravity Reinjection of Fly Ash, <i>ASME Annual Meeting</i> . By C. H. Morrow, W. C. Holton and H. L. Wagner.	Dec. 1951 61
Hot Lime Zeolite—A 287-F Installation. By A. D. Simpson.	June 1952 49
Ignition Arches—A Proved Accessory for Bituminous Single-Retort Stokers. By T. S. Spicer, R. J. Grace and C. C. Wright.	Mar. 1952 48
Impact of Defense Activities on Petroleum Supplies, <i>ASME Annual Meeting</i> . By Adam K. Stricker, Jr.	Dec. 1951 65
Improvements in Small Waste-Wood-Burning Plant.	June 1952 53
Incineration of Wood Waste.	Jan. 1952 57
Inco Holds Corrosion Conference at Wrightsville Beach, N. C.	July 1951 57
Increased Interest in Smoke Abatement Focuses Attention on Electrostatic Precipitation. By W. W. Moore and H. L. Richardson.	Apr. 1952 49
Industrial Plant Boiler Feedwater Treatment, <i>ASME Fall Meeting</i> . By D. C. Carmichael.	Oct. 1951 51
Industry and the Atom, <i>ASME Annual Meeting</i> . By T. K. Glennan.	Dec. 1951 66
Initial Operation of a 500-Gpm Duplex Deionizing Plant, <i>American Power Conference</i> . By T. P. Harding.	Apr. 1952 40
Inspection Report After 18 Months With Hot Lime Zeolite, <i>An, Twelfth Annual Water Conference</i> . By William S. Butler.	Nov. 1951 49
Instrumentation Conference.	Mar. 1952 57
Instrumentation for the Power Plant of the Future, <i>Boiler Instrumentation Symposium</i> . By M. J. Boho.	Dec. 1951 70
Interconnection of Utility and Industrial Plants, <i>American Power Conference</i> . By V. F. Estcourt.	Apr. 1952 40
Investigation of the Variation in Heat Absorption in a Natural Gas-Fired, Water-Cooled Steam-Boiler Furnace, <i>ASME Annual Meeting</i> . By A. R. Mumford and R. C. Corey.	Dec. 1951 57
Joppa Station for Atomic Energy Power, <i>The, American Power Conference</i> . By R. E. Moody.	Apr. 1952 37
Lignite Burning Highlights <i>ASME Fall Meeting</i> .	Oct. 1951 47
Long-Distance Hydraulic Pumping of Coal.	Sept. 1951 47
Looking Back Over 1951.	Jan. 1952 34
Marine Engineering in Canada, <i>ASME Semi-Annual Meeting</i> . By A. C. M. Davy.	July 1951 40
Marking Stacks to Avoid Hazards From Airplanes.	Oct. 1951 63
Mechanical Features of Edge Moor Power Station.	July 1951 32
Meeting Chemical Shortages in Water Treatment. By F. M. Kemmer.	Aug. 1951 49
Methods of Steam Temperature Control on Large Power Boilers. By Gordon R. Hahn.	May 1952 49
Model Tests of Piping, <i>ASME Semi-Annual Meeting</i> . By Lale C. Andrews.	July 1951 39
Modern Feedwater Control, <i>Boiler Instrumentation Symposium</i> . By C. H. Barnard.	Dec. 1951 69
Modern Reheat Turbines—Service Experience and Recent Design Progress, <i>ASME Annual Meeting</i> . By C. Schabtach and R. Sheppard.	Dec. 1951 55
Modern Steam Generators, <i>American Power Conference</i> . By W. W. Rowand.	Apr. 1952 39
Modern Steam Generators, <i>American Power Conference</i> . By H. B. Wallace.	Apr. 1952 38
Modern Trends in Automatic Combustion Controls and Superheat and Reheat Controls, <i>Boiler Instrumentation Symposium</i> . By E. D. Scutt.	Dec. 1951 69
More Court Decisions. By Leo T. Parker.	Feb. 1952 53
New 5000-Hp Gas Turbine, <i>ASME Annual Meeting</i> . By B. O. Buckland and D. C. Berkey.	Dec. 1951 64

	PAGE
New Process Obtains Tar and Low-Cost Power From Lignite.	Sept. 1951 59
Oak Creek Station, <i>American Power Conference</i> . By O. J. Stalkamp.	Apr. 1952 37
Operating Experiences With Cyclone-Fired Steam Generators, <i>ASME Annual Meeting</i> . By V. L. Stone and I. L. Wade.	Dec. 1951 58
Operating Experience With Reheat at Edgar Station, <i>ASME Annual Meeting</i> . By H. E. Stickle.	Dec. 1951 52
Operation and Performance of Modern Reheat Boilers, <i>ASME Annual Meeting</i> . By P. R. Loughin and H. H. Poor.	Dec. 1951 55
P. G. & E. 34-In. Gas Line, <i>ASME Spring Meeting</i> . By J. J. Pugh, R. L. Hamilton and R. Finnie.	Apr. 1952 67
Panel on Light-Load Operation of Spreader Stokers, <i>ASME Annual Meeting</i> . By Max O. Funk, Herbert L. Wagner, D. J. Mosshart, F. C. Messaros and E. C. Miller.	Dec. 1951 61
Pertinent Court Decisions. By Leo T. Parker.	Sept. 1951 55
Post-Graduate Training, <i>ASME Fall Meeting</i> . By John Gammell.	Oct. 1951 52
Power for Norwich State Hospital. By Stuart W. Allen and John W. Clarke.	Feb. 1952 36
Power Plant Architect, <i>The</i> . By Walter W. Wefferling.	Jan. 1952 53
Present Development of the Reheat Steam Turbine, <i>ASME Annual Meeting</i> . By R. L. Reynolds.	Dec. 1951 56
Progress in Development of Process Steam Turbines for Industry, <i>ASME Fall Meeting</i> . By A. D. Somes.	Oct. 1951 51
Progress Report of Reheat Boiler Operation and Design, <i>A</i> . By W. J. Vogel and E. M. Powell.	Jan. 1952 43
Reboiling the <i>Homer D. Williams</i> , <i>ASME Semi-Annual Meeting</i> . By George J. Kirschner.	July 1951 40
Reheat Experiences at Port Washington, <i>ASME Annual Meeting</i> . By M. K. Drewry.	Dec. 1951 51
Silica Removal Characteristics of Highly Basic Anion Exchangers, <i>Twelfth Annual Water Conference</i> . By M. E. Gilwood, C. Calmon and A. H. Greer.	Nov. 1951 51
Some Current British Fuel and Power Projects. By H. Roxbee Cox.	Jan. 1952 47
Some Design Factors Relating to Performance and Operation of Reheat Boilers, <i>ASME Annual Meeting</i> . By H. H. Hemenway.	Dec. 1951 54
Some Early Work in Steam.	June 1952 63
Some Innovations at Mannheim Power Station, Germany. By Dr. F. Marguerre.	Oct. 1951 40
Spectrophotometric Determination of Small Amounts of Soluble Silica in Water, <i>ASME Annual Meeting</i> . By H. E. Robison, E. A. Pirsh and E. Grimm.	Dec. 1951 62
Spreader-Stoker Tests, <i>ASME Semi-Annual Meeting</i> . By W. C. Holton and R. B. Engdahl.	July 1951 38
Station Design With Cyclone-Fired Steam Generators, <i>ASME Annual Meeting</i> . By H. C. Schroeder and R. J. Strasser.	Dec. 1951 58
Status of Atomic Power.	July 1951 59
Steam at 2000 Psi, 1250 F, <i>ASME Annual Meeting</i> . By F. G. Ely and F. Eberle.	Dec. 1951 63
Steam Condensers, <i>American Power Conference</i> . By G. H. Putnam.	Apr. 1952 39
Steam Contamination, <i>ASME Annual Meeting</i> . By P. M. Brister, F. G. Raynor and E. A. Pirsh.	Dec. 1951 62
Steam Testing for Operating Control Can Be Simple, <i>Twelfth Annual Water Conference</i> . By Frank U. Neat.	Nov. 1951 50
Storage of Coal, <i>ASME Fall Meeting</i> . By W. L. Lundy.	Oct. 1951 50
Stress Analyses of Valve Bodies. By W. L. Hemingway.	Oct. 1951 53
Studies of Stack Discharge Under Varying Conditions. By W. F. Davidson.	Sept. 1951 49
Suspension Burning of Bark Refuse. By R. Ellwanger.	Oct. 1951 45
Symposium Discusses Boiler Instrumentation.	Dec. 1951 69
Tests of Coal-Burning Locomotive-Type Gas Turbine. By John I. Yellott and Peter R. Bradley.	May 1952 65
Thermal Efficiency and Design of High-Temperature Reheat Turbine-Generator Units, <i>American Power Conference</i> . By J. R. Carlson.	Apr. 1952 38
Thermal Performance of Modern Turbines. By H. R. Reese and J. R. Carlson.	Feb. 1952 48
Training of Engineering Graduates, A Symposium, <i>ASME Annual Meeting</i> . By G. W. Baughman, E. G. Bailey and H. C. Houghton.	Dec. 1951 65
Trends in Application of Deaerating Heaters for Boiler Feedwater. By V. J. Calise and R. K. Stenard.	Dec. 1951 41
Turbine Controls, <i>American Power Conference</i> . By Charles F. Wilson.	Apr. 1952 38
Turbine-Generators for Industrial Plants, <i>ASME Spring Meeting</i> . By S. D. Fulton.	Apr. 1952 67
Turbine Supervisory Instruments, <i>ASME Semi-Annual Meeting</i> . By E. Y. Stewart and J. H. Reynolds, Jr.	July 1951 41
Twenty-Five Years of Reheat Operating Experience on the A. G. & E. System, <i>ASME Annual Meeting</i> . By S. N. Fiala.	Dec. 1951 52
Ultrasonic Coagulation. By J. R. Krebs and R. C. Binder.	June 1952 45
Ultrasonic Field Inspection, <i>ASME Semi-Annual Meeting</i> . By J. A. Tash.	July 1951 37
Vision in Power, <i>American Power Conference</i> . By Philip Sporn.	Apr. 1952 36

	PAGE		PAGE
Water Conference Held in Pittsburgh.....	Nov. 1951 49	Davidson, W. F.— <i>Studies of Stack Discharge Under Varying Conditions</i>	Sept. 1951 49
Welding of Machinery, Pressure Vessels and Piping. By R. E. Lorentz.....	Mar. 1952 42	Davy, A. C. M.— <i>Marine Engineering in Canada</i> , ASME Semi-Annual Meeting.....	July 1951 40
What Power Industry Designers Expect of Boiler Instrumentation. By H. C. Mittendorf.....	Dec. 1951 47	de Lorenzi, Otto, and John H. Cruise— <i>Burning Coals From the Northern Great Plains Province</i>	Nov. 1951 43
Wood-Waste-Fired Gas Turbine Unit, ASME Spring Meeting. By G. H. Atherton and S. E. Corder.....	Apr. 1952 67	Dickey, P. S., C. H. Smoot, T. W. Jenkins, Jr., M. D. Engle, H. F. Hatfield and T. T. Frankenberg— <i>Centralized Control and Small Gages, A Symposium</i> , ASME Semi-Annual Meeting.....	July 1951 38
AUTHORS			
Allen, Stuart W., and John W. Clarke— <i>Power for Norwich State Hospital</i>	Feb. 1952 36	Drabelle, John M., and J. W. Hoffman— <i>Boiler Operation With Lignite</i>	Oct. 1951 57
Allen, W. F., Jr.— <i>Evaluation of the Effect of Terminal Difference and Pressure Drop on Steam Power Plant Heat Rate</i> , ASME Fall Meeting.....	Oct. 1951 50	Drewry, M. K.— <i>Reheat Experiences at Port Washington</i> , ASME Annual Meeting.....	Dec. 1951 51
Andrews, Lale C.— <i>Model Tests of Piping</i> , ASME Semi-Annual Meeting.....	July 1951 39	Eberle, F., and F. G. Ely— <i>Steam at 2000 Psi, 1250 F</i> , ASME Annual Meeting.....	Dec. 1951 63

CLASSIFIED

Air Heaters

Combination Flow Suggested for Regenerative Air Pre-heaters. By Istvan Juhasz.	Sept. 1951 53
--	---------------

Atmospheric Pollution

Chemists Discuss Air Pollution.	Mar. 1952 59
Increased Interest in Smoke Abatement Focuses Attention on Electrostatic Precipitation. By W. W. Moore and H. S. Richardson.	Apr. 1952 49
Studies of Stack Discharge Under Varying Conditions. By W. F. Davidson.	Sept. 1951 49
Ultrasonic Coagulation. By J. R. Krebs and R. C. Binder.	June 1952 45

Bark Burning

Suspension Burning of Bark Refuse. By R. Ellwanger.	Oct. 1951 45
---	--------------

Boilers

After-Deposits Resulting From Chemical Cleaning Process. By P. H. Cardwell.	Dec. 1951 67
Cause and Control of Iron Oxide Deposits in High-Pressure Boilers, Twelfth Annual Water Conference. By R. C. Ulmer and J. H. Whitney.	Nov. 1951 52
Centrifugal Pumps for Feeding High-Pressure Boilers. By F. B. Applegate.	June 1952 40

Chemical Cleaning Applied to Controlled Circulation Boilers. By W. D. Bissell and M. M. Sorenson.	Mar. 1952 40
Chemical Cleaning of Boilers, Twelfth Annual Water Conference. Panel Discussion: S. F. Whirl, E. A. Pirsh, I. B. Dick, A. M. Guy, W. R. Elliott, E. B. Morris, P. H. Cardwell, H. J. Thielke, J. A. Tash, R. F. Andres and G. C. Walker.	Nov. 1951 50
Concentrating Films: Their Role in Boiler Scale and Corrosion Problems. By H. M. Rivers.	Apr. 1952 57
Controlled Circulation Boilers in the Utility Field.	Nov. 1951 39
Developments in Marine Boiler Design. By S. F. Mumford.	July 1951 50
Feedwater Treatment for Packaged Steam Generators, Twelfth Annual Water Conference. By J. F. Wilkes and E. M. Welch.	Nov. 1951 50
Investigation of the Variation in Heat Absorption in a Natural Gas-Fired, Water-Cooled Steam-Boiler Furnace, ASME Annual Meeting. By A. R. Mumford and R. C. Corey.	Dec. 1951 57
Methods of Steam Temperature Control on Large Power Boilers. By Gordon R. Hahn.	May 1952 49
Modern Steam Generators, American Power Conference. By W. H. Rowand.	Apr. 1952 38
Modern Steam Generators, American Power Conference. By H. B. Wallace.	Apr. 1952 38
Modern Trends in Automatic Combustion Controls and Superheat and Reheat Controls, Boiler Instrumentation Symposium. By E. D. Scutt.	Dec. 1951 69
Operating Experiences With Cyclone-Fired Steam Generators, ASME Annual Meeting. By V. L. Stone and I. L. Wade.	Dec. 1951 58
Operation and Performance of Modern Reheat Boilers, ASME Annual Meeting. By P. R. Loughin and H. H. Poor.	Dec. 1951 55
Reboiling the Homer D. Williams, ASME Semi-Annual Meeting. By George J. Kirschner.	July 1951 40
Station Design With Cyclone-Fired Steam Generators, ASME Annual Meeting. By H. D. Schroeder and R. J. Strasser.	Dec. 1951 58

Coal and Ash Handling Systems

Coal and Ore Transfer From Rail Car to Lake Vessel, ASME Fall Meeting. By E. E. Bauer.	Oct. 1951 49
Coal Handling Conveyors at Power House and Dock, ASME Fall Meeting. By Frank W. Lovett.	Oct. 1951 49
Storage of Coal, ASME Fall Meeting. By W. L. Lundy.	Oct. 1951 50

Combustion Control

Air Metering for Combustion Control. By I. G. McChesney.	Aug. 1951 34
--	--------------

Condensers

Steam Condensers, American Power Conference. By G. H. Putnam.	Apr. 1952 36
---	--------------

Controlled Circulation

Chemical Cleaning Applied to Controlled Circulation Boilers. By W. D. Bissell and M. M. Sorenson.	Mar. 1952 40
Controlled Circulation Boilers in the Utility Field.	Nov. 1951 39

Controls

Centralized Control and Small Gages, A Symposium, ASME Semi-Annual Meeting. By P. S. Dickey, C. H. Smoot, T. W. Jenkins, Jr., M. D. Engle, H. F. Hatfield and T. T. Frankenberg.	July 1951 38
Modern Feedwater Control, Boiler Instrumentation Symposium. By C. H. Barnard.	Dec. 1951 69
Modern Trends in Automatic Combustion Controls and Superheat and Reheat Controls, Boiler Instrumentation Symposium. By E. D. Scutt.	Dec. 1951 69
Turbine Controls, American Power Conference. By Charles F. Wilson.	Apr. 1952 38
Turbine Supervisory Instruments, ASME Semi-Annual Meeting. By E. Y. Stewart and J. H. Reynolds, Jr.	July 1951 41

Corrosion

Boiler Tube Corrosion in British Power Stations, American Power Conference. By E. W. F. Gillham and R. L. Rees.	Apr. 1952 39
Cause and Control of Iron Oxide Deposits in High-Pressure Boilers, American Power Conference. By R. C. Ulmer, J. H. Whitney and J. W. Wood.	Apr. 1952 41
Concentrating Films: Their Role in Boiler Scale and Corrosion Problems. By H. M. Rivers.	Apr. 1952 57

Chemicals, Pipeline Gas and Liquid Fuels from Coal. By W. C. Schroeder.	June 1952 54	Design of Instrumentation and Control in the Modern Power Plant, <i>Boiler Instrumentation Symposium</i> . By T. Y. Mullen.	Dec. 1951 69
Current Lignite Research, <i>ASME Fall Meeting</i> . By Alex C. Burr.	Oct. 1951 49	Instrumentation Conference.	Mar. 1952 57
Fourteenth Annual Fuels Conference.	Nov. 1951 53	Instrumentation for the Power Plant of the Future, <i>Boiler Instrumentation Symposium</i> . By M. J. Boho.	Dec. 1951 70
Fuel Problem in Italy, The. By Giovanni Coppa Zuccari.	Apr. 1952 53	Modern Feedwater Control, <i>Boiler Instrumentation Symposium</i> . By C. H. Barnard.	Dec. 1951 69
Impact of Defense Activities on Petroleum Supplies, <i>ASME Annual Meeting</i> . By Adam K. Stricker, Jr.	Dec. 1951 65	What Power Industry Designers Expect of Boiler Instrumentation. By H. C. Mittendorf.	Dec. 1951 47
Incineration of Wood Waste.	Jan. 1952 57	Lignite	
Lignite Burning Highlights ASME Fall Meeting.	Oct. 1951 47	Basic Elements of Design and Operation of Steam Generating Units for the Utilization of North Dakota Lignite, <i>ASME Fall Meeting</i> . By Leopold Pistner.	Oct. 1951 47
Long-Distance Hydraulic Pumping of Coal.	Sept. 1951 47	Boiler Operation With Lignite. By J. W. Hoffman and John M. Drabelle.	Oct. 1951 57
New Process Obtains Tar and Low-Cost Power From Lignite.	Sept. 1951 59	Burning Coals From the Northern Great Plains Province. By John H. Cruise and Otto de Lorenzi.	Nov. 1951 43
P. G. & E. 34-In. Gas Line, <i>ASME Spring Meeting</i> . By J. J. Pugh, R. L. Hamilton and R. Finnie.	Apr. 1952 67	Current Lignite Research, <i>ASME Fall Meeting</i> . By Alex C. Burr.	Oct. 1951 49
Some Current British Fuel and Power Projects. By H. Roxbee Cox.	Jan. 1952 47	Lignite Burning Highlights ASME Fall Meeting.	Oct. 1951 47
Suspension Burning of Bark Refuse. By R. Ellwanger.	Oct. 1951 45	Marine Practice	
Wood-Waste-Fired Gas Turbine Unit, <i>ASME Spring Meeting</i> . By G. H. Atherton and S. E. Corder.	Apr. 1952 67	Developments in Marine Boiler Design. By S. F. Mumford.	July 1951 50
Furnaces		Marine Engineering in Canada, <i>ASME Semi-Annual Meeting</i> . By A. C. M. Davy.	July 1951 40
Ignition Arches—A Proved Accessory for Bituminous Single-Retort Stokers. By T. S. Spicer, R. J. Grace and C. C. Wright.	Mar. 1952 48	Reboiling the <i>Homer D. Williams</i> , <i>ASME Semi-Annual Meeting</i> . By George J. Kirschner.	July 1951 40
Gas Turbines		Geared-Turbine Repowering for Great Lakes Vessels, <i>ASME Semi-Annual Meeting</i> . By B. E. Ericson and F. H. Van Nest.	July 1951 40
Coal-Burning Gas Turbine, <i>ASME Semi-Annual Meeting</i> . By Donald L. Mordell.	July 1951 41	Nuclear Energy	
Gas Turbine Development, <i>ASME Spring Meeting</i> . By F. T. Hague.	Apr. 1952 68	Advisory Committee Report on Atomic Power.	Aug. 1951 60
Gas Turbines for Gas Pipeline Pumping, <i>ASME Annual Meeting</i> . By T. J. Putz.	Dec. 1951 64	Status of Atomic Power.	July 1951 59
New 5000-Hp Gas Turbine, <i>ASME Annual Meeting</i> . By B. O. Buckland and D. C. Berkey.	Dec. 1951 64	Performance	
Tests of Coal-Burning Locomotive-Type Gas Turbine. By John I. Yellott and Peter R. Bradley.	May 1952 65	Evaluation of the Effect of Terminal Difference and Pressure Drop on Steam Power Plant Heat Rate, <i>ASME Fall Meeting</i> . By W. F. Allen, Jr.	Oct. 1951 50
Wood-Waste-Fired Gas Turbine Unit, <i>ASME Spring Meeting</i> . By G. H. Atherton and S. E. Corder.	Apr. 1952 67	First Year's Operation of the Dunkirk Steam Station, The, <i>ASME Annual Meeting</i> . By J. N. Ewart.	Dec. 1951 53
Heaters		Operating Experiences With Cyclone-Fired Steam Generators, <i>ASME Annual Meeting</i> . By V. L. Stone and I. L. Wade.	Dec. 1951 58
Trends in Application of Deaerating Heaters for Boiler Feedwater. By V. J. Calise and R. K. Stenard.	Dec. 1951 41	Operating Experience With Reheat at Edgar Station, <i>ASME Annual Meeting</i> . By H. E. Stickle.	Dec. 1951 52
Installations		Progress Report of Reheat Boiler Operation and Design. By W. J. Vogel and E. M. Powell.	Jan. 1952 43
Amer Power Station, N. V. Provinciale Noordbrabantse Electriciteits-Mij. <i>Amer Power Station at Geertruidenberg, The Netherlands</i> . By Ir. F. A. W. H. van Melick.	May 1952 42	Reheat Experiences at Port Washington, <i>ASME Annual Meeting</i> . By M. K. Drewry.	Dec. 1951 51
Caribou Steam Power Plant, Maine Public Service Co. <i>Caribou Steam Power Plant of the Maine Public Service Co.</i> By Edward H. Barry.	Nov. 1951 32	Twenty-Five Years of Reheat Operating Experience on the A. G. & E. System, <i>ASME Annual Meeting</i> . By S. N. Fiala.	Dec. 1951 52
Contra Costa Steam Plant, Pacific Gas & Electric Company. <i>Contra Costa Steam Plant of the Pacific Gas and Electric Company</i>	Dec. 1951 34	Piping	
Danskammer Point Steam Station, Central Hudson Gas & Electric Corp. <i>Danskammer Point Steam</i>		Examination and Rehabilitation of Graphitized Welded	

	PAGE		PAGE
Joints. By I. A. Rohrig and R. M. Van Duzer.....	Jan. 1952 36	Thermal Performance of Modern Turbines. By H. R. Reese and J. R. Carlson.....	Feb. 1952 48
Model Tests of Piping, <i>ASME Semi-Annual Meeting</i> . By Lale C. Andrews.....	July 1951 39	Turbine Controls, <i>American Power Conference</i> . By Charles F. Wilson.....	Apr. 1952 38
Pumps		Turbine-Generators for Industrial Plants, <i>ASME Spring Meeting</i> . By S. D. Fulton.....	Apr. 1952 67
Centrifugal Pumps for Feeding High-Pressure Boilers. By F. B. Applegate.....	June 1952 40	Stokers	
Centrifugal Pumps in Steam Power Stations. By R. Pennington.....	May 1952 59	Ignition Arches—A Proved Accessory for Bituminous Single-Retort Stokers. By T. S. Spicer, R. J. Grace and C. C. Wright.....	Mar. 1952 48
Effect of Sudden Load Changes on Centrifugal Boiler Feed Pumps, <i>American Power Conference</i> . By Igor J. Karassik, George H. Bosworth and B. J. Schmid.....	Apr. 1952 42	Television	
Reheat		Developments in Use of Television in Power Stations. By L. M. Exley.....	July 1951 43
Comparative Efficiencies of Central Station Reheat and Non-Reheat Steam Turbine-Generator Units, <i>ASME Annual Meeting</i> . By C. W. Elston and P. H. Knowlton.....	Dec. 1951 57	Valves	
Modern Reheat Turbines—Service Experience and Recent Design Progress, <i>ASME Annual Meeting</i> . By C. Schabtach and R. Sheppard.....	Dec. 1951 55	Stress Analyses of Valve Bodies. By W. L. Hemingway.....	Oct. 1951 53
Operating Experience With Reheat at Edgar Station, <i>ASME Annual Meeting</i> . By H. E. Stickle.....	Dec. 1951 52	Water Conditioning	
Operation and Performance of Modern Reheat Boilers, <i>ASME Annual Meeting</i> . By P. R. Loughin and H. H. Poor.....	Dec. 1951 55	Adaptation of the Spectrophotometric Determination of Small Amounts of Soluble Silica in Water to the Determination of Undissolved Forms of Silica, <i>ASME Annual Meeting</i> . By H. E. Robison, E. Grimm and C. Brown.....	Dec. 1951 63
Present Development of the Reheat Steam Turbine, <i>ASME Annual Meeting</i> . By R. L. Reynolds.....	Dec. 1951 56	Cause and Control of Iron Oxide Deposits in High-Pressure Boilers, <i>Twelfth Annual Water Conference</i> . By R. C. Ulmer and J. H. Whitney.....	Nov. 1951 52
Progress Report of Reheat Boiler Operation and Design, A. By W. J. Vogel and E. M. Powell.....	Jan. 1952 43	Cause and Control of Iron Oxide Deposits in High-Pressure Boilers, <i>American Power Conference</i> . By R. C. Ulmer, J. H. Whitney and J. H. Wood.....	Apr. 1952 41
Reheat Experiences at Port Washington, <i>ASME Annual Meeting</i> . By M. K. Drewry.....	Dec. 1951 51	Chemical Treatment of an Evaporator at West Springfield Station, The, <i>American Power Conference</i> . By J. R. Haskins, Jr.....	Apr. 1952 41
Some Design Factors Relating to Performance and Operation of Reheat Boilers, <i>ASME Annual Meeting</i> . By H. H. Hemenway.....	Dec. 1951 54	Concentrating Films: Their Role in Boiler Scale and Corrosion Problems. By H. M. Rivers.....	Apr. 1952 57
Thermal Efficiency and Design of High-Temperature Reheat Turbine-Generator Units, <i>American Power Conference</i> . By J. R. Carlson.....	Apr. 1952 38	Correlation of Silica Carryover and Solubility Studies, <i>ASME Annual Meeting</i> . By C. Jacklin and S. R. Browar.....	Dec. 1951 61
Twenty-Five Years of Reheat Operating Experience on the A. G. & E. System, <i>ASME Annual Meeting</i> . By S. N. Fiala.....	Dec. 1951 52	Demineralization Plant Operating Experience, <i>American Power Conference</i> . By M. E. Brines.....	Apr. 1952 40
Spreader Stokers		Estimating Low Amounts of Silica in Water in the Field Using a Slide Comparator. By George J. Crits.....	Mar. 1952 56
Burning Furfural Residue on Spreader Stokers.....	May 1952 55	Feedwater Treatment in Illinois State Institutions, <i>American Power Conference</i> . By Russell W. Lane.....	Apr. 1952 42
Panel on Light-Load Operation of Spreader Stokers, <i>ASME Annual Meeting</i> . By M. O. Funk, Herbert L. Wagner, D. J. Mosshart, F. C. Messaros and E. C. Miller.....	Dec. 1951 59	Hot Lime Zeolite—A 287-F Installation. By A. D. Simpson.....	June 1952 49
Spreader Stoker Tests, <i>ASME Semi-Annual Meeting</i> . By W. C. Holton and R. B. Engdahl.....	July 1951 38	Industrial Plant Boiler Feedwater Treatment, <i>ASME Fall Meeting</i> . By D. C. Carmichael.....	Oct. 1951 51
Stacks		Initial Operation of a 500-Gpm Duplex Deionizing Plant, <i>American Power Conference</i> . By T. P. Harding.....	Apr. 1952 40
Marking Stacks to Avoid Hazards From Airplanes.....	Oct. 1951 63	Inspection Report After 18 Months With Hot Lime Zeolite, An, <i>Twelfth Annual Water Conference</i> . By William S. Butler.....	Nov. 1951 49
Steam Pressures, Temperatures and Cycles		Meeting Chemical Shortages in Water Treatment. By F. M. Kemmer.....	Aug. 1951 49
Behavior of Superheater Materials at 1350 F, <i>ASME Annual Meeting</i> . By H. A. Blank, A. M. Hall and J. H. Jackson.....	Dec. 1951 63	Silica Removal Characteristics of Highly Basic Anion Exchangers, <i>Twelfth Annual Water Conference</i> . By M. E. Gilwood, C. Calmon and A. H. Greer.....	Nov. 1951 51
Methods of Steam Temperature Control on Large Power Boilers. By Gordon R. Hahn.....	May 1952 49	Spectrophotometric Determination of Small Amounts of Soluble Silica in Water, The, <i>ASME Annual Meeting</i> . By H. E. Robison, E. A. Pirsh and E. Grimm.....	Dec. 1951 62
Steam at 2000 Psi, 1250 F, <i>ASME Annual Meeting</i> . By F. G. Ely and F. Eberle.....	Dec. 1951 63	Steam Contamination, <i>ASME Annual Meeting</i> . By P. M. Brister, F. G. Raynor and E. A. Pirsh.....	Dec. 1951 62
Steam Sampling		Welding	
Steam Testing for Operating Control Can be Simple, <i>Twelfth Annual Water Conference</i> . By Frank U. Neat.....	Nov. 1951 50	Examination and Rehabilitation of Graphitized Welded Joints. By I. A. Rohrig and R. M. Van Duzer.....	Jan. 1952 36
Steam Turbines		Welding of Machinery, Pressure Vessels and Piping. By R. E. Lorentz, Jr.....	Mar. 1952 42
Comparative Efficiencies of Central Station Reheat and Non-Reheat Steam Turbine-Generator Units, <i>ASME Annual Meeting</i> . By C. W. Elston and P. H. Knowlton.....	Dec. 1951 57	Miscellaneous	
Geared-Turbine Repowering for Great Lakes Vessels, <i>ASME Semi-Annual Meeting</i> . By B. E. Ericson and F. H. Van Nest.....	July 1951 40	AIEE Winter General Meeting.....	Feb. 1952 57
Modern Reheat Turbines—Service Experience and Recent Design Progress, <i>ASME Annual Meeting</i> . By C. Schabtach and R. Sheppard.....	Dec. 1951 55	ASME Semi-Annual Meeting Held in Toronto, Canada.....	July 1951 37
Present Development of the Reheat Steam Turbine, <i>ASME Annual Meeting</i> . By R. L. Reynolds.....	Dec. 1951 56	ASME Spring Meeting Program.....	Mar. 1952 62
Progress in Development of Process Steam Turbines for Industry, <i>ASME Fall Meeting</i> . By A. D. Somes.....	Oct. 1951 51	Applications of Natural Steam in Italy.....	May 1952 53
Thermal Efficiency and Design of High-Temperature Reheat Turbine-Generator Units, <i>American Power Conference</i> . By J. R. Carlson.....	Apr. 1952 38	Attainment of Full Power Program Doubted by Advisory Committee.....	Feb. 1952 41
		Compression Distillation, <i>Twelfth Annual Water Conference</i> . By O. M. Elliott.....	Nov. 1951 49
		Demand Performance—Fluid Drive in the Modern Power Plant, <i>American Power Conference</i> . By Ben G. Ragland.....	Apr. 1952 42

Design for Reduced Maintenance, <i>ASME Spring Meeting</i> . By B. C. Mallory and F. W. Argue.....	Apr. 1952 67
Economic Facts Need Be Told, <i>American Power Conference</i> . By Edwin Vennard.....	Apr. 1952 36
Electric Output and Fuel Consumption Gaining.....	Oct. 1951 61
Electric Power for New York's Transportation System.....	Feb. 1952 42
Electric Power Survey.....	July 1951 47
Expansion of American Gas and Electric System, <i>ASME Annual Meeting</i> . By Philip Sporn, H. A. Kammer and S. N. Fiala.....	Dec. 1951 58
First American Power Conference.....	Apr. 1952 36
First Annual Meeting of the American Power Conference (Program).....	Feb. 1952 55
Industry and the Atom, <i>ASME Annual Meeting</i> . By T. K. Glennan.....	Dec. 1951 66
Interconnection of Utility and Industrial Plants, <i>American Power Conference</i> . By V. F. Estcourt.....	Apr. 1952 40
Investigation of the Variation in Heat Absorption in a Natural Gas-Fired, Water-Cooled Steam-Boiler Furnace, <i>ASME Annual Meeting</i> . By A. R. Mumford and R. C. Corey.....	Dec. 1951 57
Looking Back Over 1951.....	Jan. 1952 34
More Court Decisions. By Leo T. Parker.....	Feb. 1952 53
P. G. & E. 34-In. Gas Line, <i>ASME Spring Meeting</i> . By J. J. Pugh, R. L. Hamilton and R. Finnie.....	Apr. 1952 67
Pertinent Court Decisions. By Leo T. Parker.....	Sept. 1951 55
Post-Graduate Training, <i>ASME Fall Meeting</i> . By John Gammell.....	Oct. 1951 52
Power Plant Architect, The. By Walter W. Wefferling.....	Jan. 1952 53
Some Early Work in Steam.....	June 1952 63
Training of Engineering Graduates, A Symposium, <i>ASME Annual Meeting</i> . By G. W. Baughman, E. G. Bailey and H. C. Houghton.....	Dec. 1951 65
Ultrasonic Coagulation. By J. R. Krebs and R. C. Binder.....	June 1952 45
Ultrasonic Field Inspection, <i>ASME Semi-Annual Meeting</i> . By J. A. Tash.....	July 1951 37
Vision in Power, <i>American Power Conference</i> . By Philip Sporn.....	Apr. 1952 36
Water Conference Held in Pittsburgh.....	Nov. 1951 49

REVIEW OF NEW BOOKS

Air Pollution Control. By Stanley Scott and J. F. McCarty.....	Jan. 1952 59
ALCOA—An American Enterprise. By Charles C. Carr.....	Jan. 1952 60
ASHVE Guide. Published by The American Society	

of Heating and Ventilating Engineers.....	Apr. 1952 72
Boiler Feedwater Treatment, Third Edition. By F. J. Matthews.....	Jan. 1952 59
Boiler-Water Treatment Manual. Published by the Bureau of Mines.....	Aug. 1951 67
Corrosion—Causes and Prevention, Third Edition. By Frank N. Speller.....	Aug. 1951 66
Corrosion Testing. By Francis L. LaQue.....	Mar. 1952 66
Electric Power and Social Policy. By W. H. Connor, B. Cross, H. Evans and H. Tannenbaum.....	Mar. 1952 65
Elevated-Temperature Properties of Stainless Steels. By Ward F. Simmons and Howard C. Cross.....	Apr. 1952 71
Energy Sources—The Wealth of the World. By Eugene Ayres and Charles A. Scarlott.....	Mar. 1952 64
Engineering Thermodynamics. By Newton C. Ebaugh.....	June 1952 65
Engineering Thermodynamics. By Herman J. Stoever.....	Aug. 1951 66
Engineers' Illustrated Thesaurus. By Herbert Herkimer.....	Mar. 1952 64
Essentials in Problem Solving. By Zuce Kogan.....	Jan. 1952 60
Fluid Flow in Pipes. By Clifford McClain.....	Apr. 1952 71
Flyveaskeudskillere (Fly-Ash Separators). By Knud Hansen.....	Sept. 1951 67
Fuel Oil Manual. By Paul F. Schmidt.....	Dec. 1951 73
Gas Turbines. By Harry A. Sorensen.....	Aug. 1951 66
Generating Stations, Fourth Edition. By A. H. Lovell.....	Jan. 1952 59
Heating Design and Practice. By Robert H. Emerick.....	Jan. 1952 59
Hydraulic Transients. By George R. Rich.....	Aug. 1951 66
Industrial Furnaces, Vol. I, Fourth Edition. By W. Trinks.....	Dec. 1951 73
Industrial Heat Transfer. By F. W. Hutchinson.....	June 1952 65
Industrial Piping. By Charles T. Littleton.....	Dec. 1951 73
Introduction to Heat Transfer, Second Edition. By A. I. Brown and S. M. Marco.....	Sept. 1951 67
Measuring Productivity in Coal Mining. By Charles M. James.....	June 1952 65
Mineral Wool Insulation Handbook. Published by the Industrial Mineral Wool Institute.....	Sept. 1951 67
Modern Pyrometry. By Charles H. Campbell.....	Jan. 1952 59
Nomographic Charts. By C. A. Kulmann.....	Aug. 1951 66
Piping Design and Engineering, First Edition. Published by Grinnell Company, Inc.....	Mar. 1952 65
Specifications for Steel Piping Materials. Published by The American Society for Testing Materials.....	June 1952 65
Standards on Refractory Materials. Published by The American Society for Testing Materials.....	June 1952 65
Thermal Testing of Steam Boilers. By Leslie S. Brown.....	Sept. 1951 67
Thermodynamics, Fourth Edition. By A. W. Porter.....	Dec. 1951 73
Water Treatment. By Eskel Nordell.....	Dec. 1951 73
